

UNLOCK YOUR ORGANISATION'S TECHNICAL ABILITY

SOFTWARE ENGINEER LEVEL 4 APPRENTICESHIP WITH SALESFORCE ASSOCIATE CERTIFICATION

QA has partnered with Salesforce to create new ways of building Salesforce skills.

This programme incorporates the apprenticeship software engineer learning with the skills needed to excel in the Salesforce ecosystem. Apprentices will be supported through a comprehensive Salesforce learning path.

WHAT'S SALESFORCE?

Salesforce is a customer relationship management solution that brings companies and customers together.

It's one integrated CRM platform that gives all your departments (including marketing, sales, commerce, and service) a single, shared view of every customer.

FEATURES AND BENEFITS

1 day Salesforce Associate Instructor-Led Training workshop

Achieve Salesforce Associate certificate within the first two months

Custom learner pathways through Trailhead, aligned to the software engineer apprenticeship

BY THE END OF THE APPRENTICESHIP, YOU WILL BE ABLE TO:

- Demonstrate a deep understanding of the Salesforce platform
- Convert customer needs into technical requirements, both functional and non-functional
- Demonstrate how to apply your developer skills within a Salesforce environment

Demonstrate your achievement of:

- 3 Superbadges
- Expeditioner Status
- and Salesforce Associate Certification

A fully funded programme designed to transform your talent and workplace

Software Engineer Level 4 Apprenticeship with Salesforce Associate Certification

Build the skills and capabilities you need throughout your organisation to deliver insight-based business decisions.

Upskill or reskill your existing workforce, and create Business Analysts for the modern day workplace.

Recruit and harness a new talent pathway – QA can help you cost-effectively recruit diverse, ambitious talent into your business and help you build a pipeline of strong analytical talent.

Learners benefit from a flexible and blended learning journey, helping them apply technical data solutions to a range of real-life scenarios – gaining valuable workplace skills faster.
